What is this product?

Type

- This product is a class of shares of the Sub-Fund and denominated in EUR. The Fund is an investment company with a variable capital and qualifies as an Undertaking for Collective Investments in Transferable Securities ("UCITS").
- As an investment fund, the return of the Sub-Fund depends on the performance of its underlying assets.

Objectives

Investment objective:

- The objective is to achieve an increase in the value of long-term investments while controlling their volatility, by building a global balanced portfolio.

Investment policy:

- The Sub-Fund will invest directly and indirectly through targeted UCITS ("Target Funds") in equity and bonds markets. Over 3 year periods, it is expected to have an average exposure to the world equity markets of around 50%.
- Investments in fixed income securities (issued by corporates or governments) will not exceed the limit of 65% of its net assets. Up to 20% can be invested in bonds which are not rated investment grade (BBB-Standard & Poor's or equivalent). Investments will be made in both bond securities (mainly for investment grade bonds) and fixed-income bond funds (mainly for high yield, emerging market fixed-income, subordinated bond, and convertible).
- The Sub-Fund may also invest indirectly up to 100% of its net assets in the above-mentioned type of assets through Target Funds. The Target Funds will mainly consist of funds domiciled in the European Union and whose management fee shall not exceed 3% of their respective net asset values.
- Investments can be made globally, including in emerging markets.
- The Sub-Fund may also invest in structured financial instruments such as, but not limited to, credit linked notes, certificates, bonds or any other transferrable securities whose performance is linked, amongst others, to an index that meets the requirements of Article 9 of the Grand Ducal Regulation dated February 8, 2008 (including indices on raw materials, precious metals and volatility), currencies, interest rates, transferable securities, a basket of transferable securities that is sufficiently diversified or a UCI.
- Derivatives may be used to a limited extent if there are significant subscriptions or to hedge the portfolio. In such

cases, the Sub-Fund may use derivatives with a commitment exposure of approximately 20% and in any case no more than 100% according to Article 42 (3) of the Investment Fund Law.

- For hedging, investment and gaining exposure purposes, the Sub-Fund may use any type of derivative financial instruments traded on a regulated market and / or traded over-the-counter (OTC) including CDS, provided they are contracted with first class financial institutions specialized in this type of operation.
- The Sub-Fund is actively managed with no reference to a benchmark.
- The recommended holding period is 5 years.

Valuation Day: This product is valued on a daily basis, on every full bank business day in Luxembourg ("Business Day").

Subscription, redemption and conversion requests: before 11:00 a. m., Luxembourg time, 1 Business Day preceding the Dealing Day (which is the next Business Day following a Valuation Day).

There is no minimum investment.

Dividends: This product is accumulating. All income generated by the sub-fund is reinvested.

Intended DPM Investor

The share class A is dedicated to investors in discretionary portfolio management mandates ("DPM"). It is intended for investors who favour a balanced approach based on investments on the equity and bonds markets, depending on the changes in economic conditions, with a medium term investment horizon.

Term

This product was incorporated for an undefined period. The manufacturer may not terminate it unilaterally. Only the board of directors of the Fund or a general meeting of shareholders may decide to terminate it.

Practical information

Depositary: UBS Europe SE, Luxembourg Branch, 33A avenue J.F. Kennedy, L-1855 Luxembourg.

Further information: The Fund's prospectus and periodic reports are prepared for the entire Fund. Assets and liabilities of each sub-fund are segregated by law, meaning that the liabilities allocated to one sub-fund may not impact the other sub-funds. Additional information about the Fund, copies of its prospectus, periodic financial reports and latest price of the shares may be obtained free of charge, in English, from the Management Company, the registered office of the Fund or on www.nspgroup.com.

What are the risks and what could I get in return?

Risks

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average and best performance of the product over the last 10 years, by identifying, depending on the performance scenarios and as defined in the Key Information Document's EU regulation, all overlapping sub-intervals individually (i) equal in length to the recommended holding period which start or end in each month which are contained within that period of 10 years or (ii) equal or shorter in length to the recommended holding period, but equal to or longer than one year, which end at the end of that period of 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable: this type of scenario occurred for an investment between 31 December 2021 and 31 January 2024.

Moderate: this type of scenario occurred for an investment between 31 August 2015 and 31 August 2020.

Favourable: this type of scenario occurred for an investment between 30 June 2016 and 30 June 2021.

We have classified this product as 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Not all risks affecting the Sub-Fund are adequately captured by the summary risk indicator.

This rating does not take into account other risk factors which should be considered before investing, including concentration, counterparty, credit, liquidity and operational risks.

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

What happens if NS Partners Europe S.A. is unable to pay out?

You are exposed to the risk NS Partners Europe S.A. might be unable to meet its obligations in connection with the product. This may materially adversely affect the value of the product and could lead to you losing some or all your investment in the product. A potential loss is not covered by an investor compensation or protection scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed (i) in the first year you would get back the amount that you invested (0% annual return) and, for the other holding periods, the product performs as shown in the moderate scenario and (ii) € 10,000 is invested.

Example Investment € 10,000	if you exit after 1 year	if you exit after 5 years (recommended holding period)
Total Costs	€ 483	€ 1,416
Annual cost impact*	4.8%	2.5% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period, your average return per year is projected to be 4.2% before costs and 1.7% after costs.

Composition of costs

One-off costs upon entry or exit		Annual cost impact if you exit after 1 year
Entry costs	3.00% maximum of the amount you pay in when entering this investment. In case of conversion into shares of another class or another sub-fund, no conversion fee is charged but shareholders may be requested to bear the difference in subscription fee if higher.	up to € 300
Exit costs	0.00% , we do not charge an exit fee for this product, but the person selling you the product may do so.	€ 0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.55% of the value of your investment per year. This is an estimate based on actual costs over the last year.	€ 155
Transaction costs	0.13% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	€ 13
Incidental costs taken under specific conditions		
Performance fees	0.15% of the value of your investment per year. This is an estimate, calculated yearly and based on the average over the previous 5 years. We charge 5% of the positive performance over the high water mark. The actual amount will vary depending on how well your investment performs.	€ 15

How long should I hold it and can I take money out early?

Recommended holding period ("RHP"): 5 years

The RHP has been defined by taking into account the above objectives and risk and reward profile. You should be prepared to stay invested for at least 5 years. However, you can redeem your investment without penalty prior to the end of the RHP, or hold the investment longer. Redemption requests must be received before 11:00 a.m., Luxembourg time to be dealt with on the basis of the net asset value per share applicable on that Valuation Day. Payment for redemptions is expected to be made within 2 Business Days after the Dealing Day. Any cashing-in before the end of the RHP may have a negative consequence on your investment.

How can I complain?
